

## TX31D56VM2AAA 12.1" SVGA (800 X 600) TFT

Item	Descriptions
Part Number	TX31D56VM2AAA
Display Diagonal	12.1
Resolution	SVGA (800 X 600)
Technology	TFT
Display Color	256K
Display Mode	Transmissive
Effective Viewing	-
Overall Dim.	280 x 210 x 11
Backlight	CCFL
Brightness (Nits)	400
Contrast Ratio	500:1
Operating Temp (deg C)	0+70
Viewing Angle	-
Comments	2 x CCFL, LVDS

Specifications may be subject to be change without notice.

- \*1 The operating temperatures indicate the temperatures at which the LCD lights up, but the optical characteristics (e.g. brightness and contrast ratio) are specified only for the initial period of 25°C. The operating temperature range does not guarantee the reliability or life of the product in that range. Note that the life of the backlight will be significantly reduced if the LCD is used at a lower range of operating temperatures. In addition, the LCD will be less responsive at low temperatures, while display irregularities will occur at high temperatures.
